

Did you know we also Grain Farm throughout Schuylkill County? That's right! We rent ground throughout the area to produce grain. Our end goal for our farm is to one day produce enough grain to make our own feed for all our hens. We just are not quite there yet and are always looking for new opportunities to farm in Schuylkill and surrounding counties 😊

**Want to learn more about this opportunity or even be part of it?**

Fill out the index card and drop it through the slot, and we will give you a call
